Author Information

For each author please fill out the form below. Some items on the form are explained here:

- **Email address** will only be used for communication with the authors. It will not appear in public Web pages of this conference. The email address can be omitted for not corresponding authors. These authors will also have no access to the submission page.
- **Web page** can be used on the conference Web pages, for example, for making the program. It should be a Web page of the author, not the Web page of her or his organization.
- Each author marked as a **corresponding author** will receive email messages from the system about this submission. There must be at least one corresponding author.

The submission template for the abstract can be found here.

Upon clicking “Submission template”, the authors will be led to the submission template page:

The authors are required to fill up the abstract title, abstract, and the keywords of their submission:

Title and Abstract

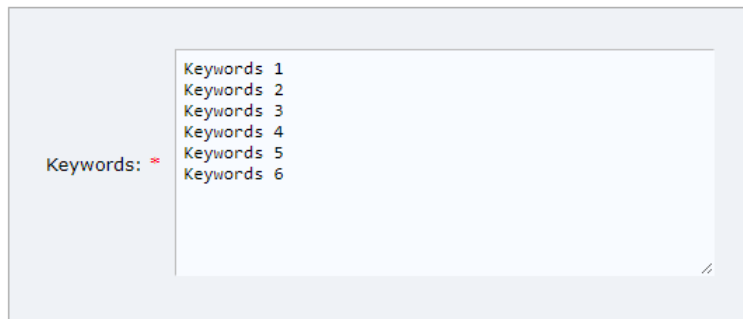

The title and the abstract should be entered as plain text, they should not contain HTML elements.

A screenshot of a submission form. It features two input fields: a single-line text box for the 'Title' and a larger multi-line text area for the 'Abstract'. Both fields are currently empty. The labels 'Title:' and 'Abstract:' are positioned to the left of their respective input areas, with a small red asterisk indicating a required field.

Keywords

Type a list of keywords (also known as key phrases or key terms), **one per line** to characterize your submission. You should specify at least three keywords.

A screenshot of the submission form's 'Keywords' field. The label 'Keywords:' is on the left, followed by a red asterisk. The text area contains six lines of placeholder text: 'Keywords 1', 'Keywords 2', 'Keywords 3', 'Keywords 4', 'Keywords 5', and 'Keywords 6'. A red arrow points from this field towards the right.

Please key in the keywords one per line as shown in the guide here.

The authors are required to choose their abstract topic:

Topics

Please select a topic relevant to your submission from the following list. Topics are typically used for assigning submissions to reviewers and for conference analytics. **You must select exactly one topic.**

Theme A: Water Engineering and Technological Innovations

A.1 Climate Change Mitigation

- | | |

| <input type="checkbox"/> A.4.3 Offshore Renewable Energy Systems (Offshore Wind Power, Oceanic Current Power, etc) | <input type="checkbox"/> A.4.4 Water-Energy-Food Nexus |

- Only one topic is allowed in one submission.

The authors are required to choose which areas is the submission most related/ useful to:

Other Information and Files

Which of the following areas is your submission most related or useful to? You may select more than one option.

- Climate Change Adaptation and Mitigation
- Water for the Energy Transition, Food Security and Nature
- Improving resilience against water hazards and disasters
- Digital Transformation

- The authors may select more than one option.
